■ 设计能力

Tool Design

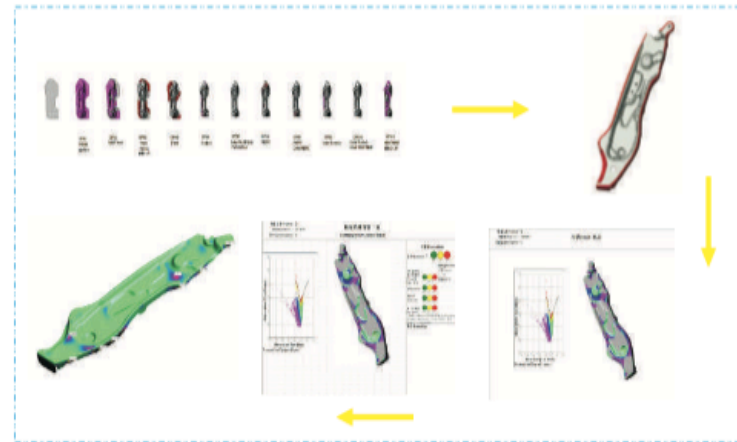

优秀而专业的设计实力是企业走向成功的核心力量。目前弘能拥有一支经验丰富的设计团队。使用先进的设计软件如UG-NX, Visi, Catia, Auto-CAD, Solidworks等。并有专业设计师使用CAE与Dynaform预先进行成型分析以保证模具工艺精准, 成本合理

Excellent and professional design competence is the core strength for a company. HTD has an experienced design team who constantly using their ample tooling knowledge to design the tool with advanced softwares like UG-NX, Visi, Catia Auto CAD, Solidworks etc. And also analyze the part via CAE and Dynaform to ensure the tooling design in the most reasonable structure.
